

THE THREE ADVANTAGES OF USING THE ALMANAC

Estimate automation is revolutionizing how healthcare organizations manage billing. With the Almanac, healthcare providers can ensure compliance, increase revenue, and improve staff efficiency – all while enhancing patient satisfaction.

INCREASED COMPLIANCE

The Almanac ensures healthcare providers meet the No Surprises Act requirements by automating accurate estimate generation. This increases compliance and fosters trust and transparency with patients.

HIGHER REVENUE & PRE-PAY COLLECTIONS

By identifying billing gaps and automating collections, the Almanac has enabled healthcare organizations to boost pre-pay collections significantly. One client saw a potential \$1.5 million increase in a year.

GREATER STAFF EFFICIENCY

Automating the estimate process with the Almanac frees up staff to focus on patient care, reducing manual tasks and improving overall productivity.

Ready to transform your billing processes? Contact Continuum today to implement the Almanac and enhance your organization's efficiency and patient satisfaction.
